

What you see is what you getor is it?

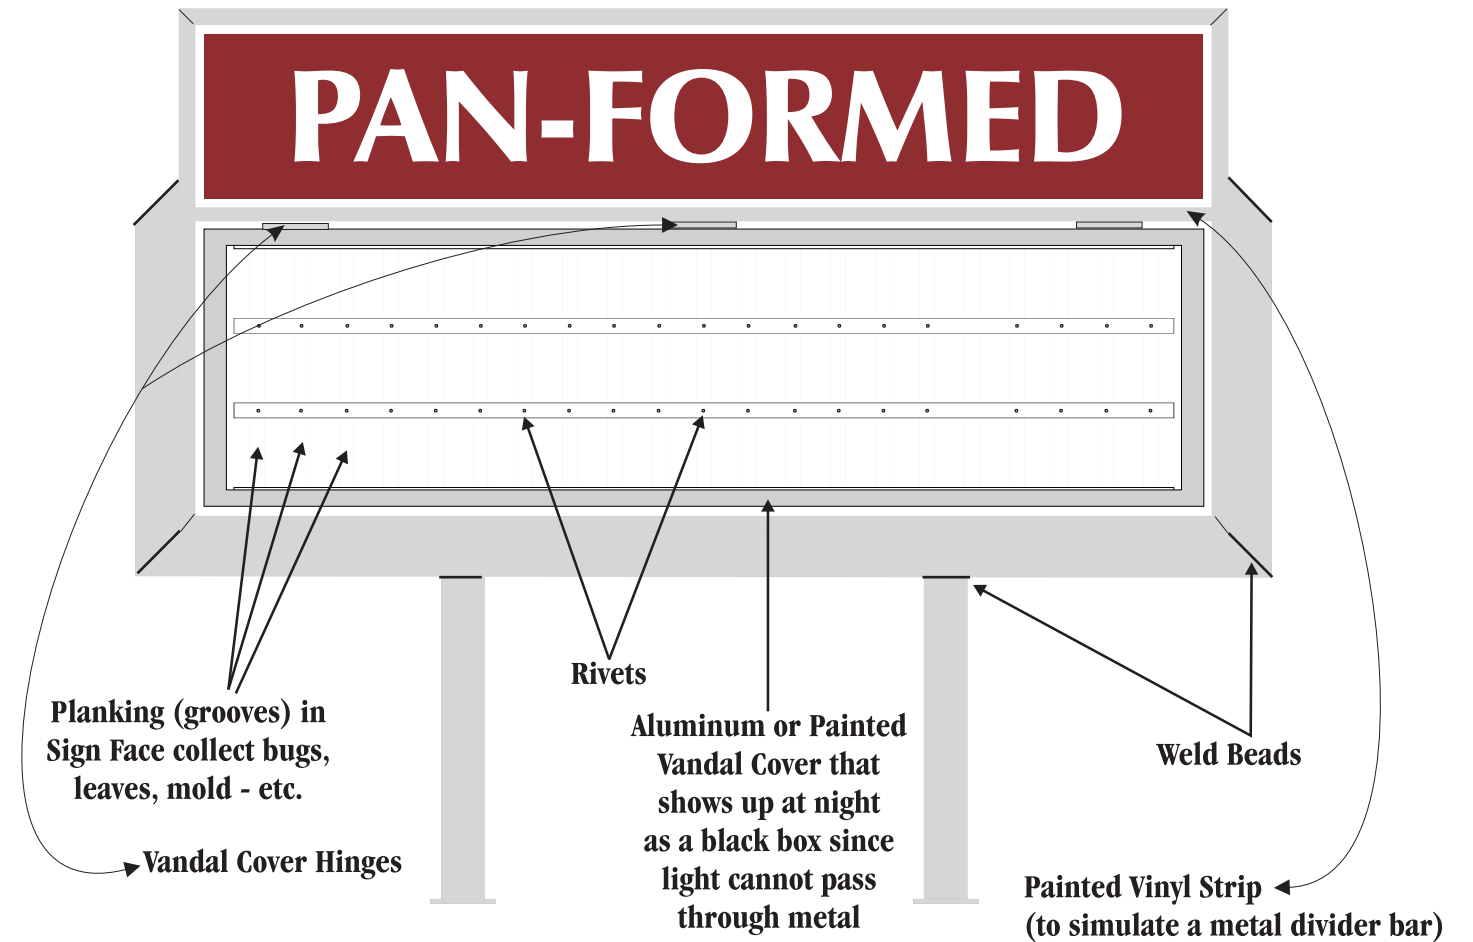

Will your Sign's Message be Crystal Clear or

Cluttered with "add-on vandal covers, rivets, screws, hinges, planking (grooves) in the sign face and weld beads?"

Our Crystal Clear Sealed Face System Design

- * No Unsightly screws
- * No Add-on Vandal Covers
- * No Rivets
- * No Weld Beads
- * No Visible Hinges
- * No Planking (grooves)
- * Full unobstructed view of message area and your name area
- * Sealed Face System
- * Smooth flat face
- * Beautiful Rounded Corners

Cluttered Pan-formed Design

- * Many Unsightly screws
- * Add-on Vandal Covers
- * Many Rivets
- * Unground Weld Beads
- * Visible Hinges
- * Planking (grooves) gives waffle effect
- * Rivets, Vandal Cover Frames & Painted Vinyl Strip block light and show up as dark spots on the sign face at night when the sign is illuminated.
- * These items should be shown on their color sketches.

✓ *Check it out! Most Companies provide color sketches that are not a true representation of the sign they sell. Look at the color sketch they provide then look at the pictures in their brochure or their signs in the field. Don't be misled. With Innovative's SFS design, what you see is what you get!*
